European Cyber Security Organisation ASBL

Membership Application Form

Thank you for your interest in becoming a Member of ECSO ASBL. Please proceed by completing this *Membership Application Form*.

A prerequisite to answer some of the questions below and to become a Member is to read and accept the Statutes of our organisation. Operational details are described in our organisation's Bylaws. You may find these 2 documents on the ECSO official website (www.ecs-org.eu).

Please send the filled in and duly signed (end of the document) *Membership Application Form* to luigi.rebuffi@ecs-org.eu.

Further to your membership submission, it may happen that we request additional information from you, on behalf of the Association, to allow the ECSO Board of Directors to better consider your application and make a decision regarding your membership.

To be admitted as an ECSO Member, you must be:

- (a) a Legal Entity established in at least one ECSO Country¹, or
- (b) a public body from an ECSO Country.

MEMBERSHIP FEES

Each ECSO member is due to pay a membership fee. This is important as only with sufficient resources can we provide adequate and quality support to the cPPP and reach the objectives related to industrial measures identified by the ECSO Association.

The calculation of these fees is based on your organisation's category, the turnover or budget, according to usual approaches. These fees are similar to those applied to other associations supporting ongoing cPPPs.

ECSO membership fees should be paid within 6 months of the invoice issue date. Only members that have paid their fees are granted the right to vote and be elected during the General Assembly at the Board of Directors and/or at Working Groups level. In case of non-payment of the membership fees within 6 months from the issue date of the invoice, the ECSO secretariat will send, before that deadline, 2 warning letters. If, after this period and the two warning letters, the fees have still not been paid, membership will be suspended by a decision of the ECSO Board of Directors. If no regularisation action of the payment of fees is undertaken following the suspension by the Board, membership will be automatically terminated at the following ECSO General Assembly. In case a member has not paid fees and has not announced on time its desire to end membership², a fee collection company will be mandated to collect the due fees amount.

¹ An ECSO Country is defined as:

- (a) a Member State of the European Union (a Member State) or an EEA / EFTA country,
- (b) a country associated to Horizon 2020 as defined in the Bylaws

² Each member has to notify the ECSO Secretariat by the end of September of the ongoing year at the latest, the membership termination becoming effective during the ECSO General Assembly of the following year.

ECSO ASBL - Membership Application Form

*(All fields marked with * are mandatory for acceptance of the request)*

For 2018, the full year membership fees will be as specified in the table below.

Subsequent to the decision of the ECSO Board of Directors, your membership candidacy must be sponsored by a current ECSO member of the Board of Directors (see ANNEX II). The “sponsoring” implies that the Board Member knows sufficiently well your organisation and is ready to answer on your behalf to potential questions from other Board members to support your contribution to ECSO, its objectives and its values. If needed, the ECSO Secretariat will establish a link between you and a member of the Board to establish such “sponsoring” relationship.

Subsequent to the decision of the ECSO Board of Directors, membership fees will have a quarterly decrease during the year based on the period of the official membership approval:

- January-March: Full membership fee
- April-June: 75% of the membership fee
- July-September: 50% of the membership fee
- October-December: 25% of the membership fee.

Ahead of the formal membership approval by the full ECSO Board of Directors, “provisional membership” can be provided soon after your membership request has been sent to the ECSO Secretariat. In this case, you will be allowed to participate in ECSO activities (Working Groups, events, etc.) yet without voting rights and the possibility of being elected. These rights will be granted to you once the ECSO Board of Directors approves the full membership – the Board of Directors gathers 4 times a year.

During the “provisional membership period”, provisional members will already receive all information provided to approved ECSO members. The information and documents the “provisional member” will get access to prior to the formal approval of its Membership should be considered as confidential. It is therefore forbidden to forward or share the information or documents to any other body without the formal consent of the ECSO Board.

SUPPORT TO THE PPP KEY PERFORMANCE INDICATORS - KPIS

In creating ECSO as a support to the implementation of the European cybersecurity cPPP with the European Commission, we have agreed to present a yearly report to the Commission on the following KPIS (among others):

- KPI 1: Amount of Investments on Research & Innovation (R&I) linked to the cybersecurity topics in H2020 and in the Strategic and Research Innovation Agenda (SRIA) proposed by ECSO
- KPI 2: Output of R&I: Tangible and intangible assets linked to outcome of H2020 projects linked to cybersecurity and other R&I topics in the ECSO SRIA
- KPI 3: (for SMEs) R&I projects developed by ECSO SME members and funded by the leverage factor investment related to the SRIA
- KPI 4: (for users) Users participation in other R&I projects (not part of H2020) but within the SRIA perimeter
- KPI 5: Estimation of employment in R&I domain related to cybersecurity sectors and the creation of new types and descriptions (curricula) for skilled cybersecurity jobs
- KPI 6: Dissemination and information actions for promoting the PPP activities to a broad range of public and private stakeholders
- KPI 7: Openness - share of participation of ECSO members / non ECSO members in H2020 projects

The Commission has been particularly clear on this point as they not only want to support the activities of the ECSO Working Groups, but also closely track the progress of the cPPP and provide high quality reporting, especially concerning anonymised data for the leverage factor.

The demanding member commits to provide to the ECSO Secretariat, on a yearly basis, information / data related to these KPIS (handled in a confidential and if needed anonymized way) for the yearly PPP monitoring report at the E. Commission.
